With an objective to maintain its market leadership position, AlJazira Capital is expanding its brokerage capabilities to offer further value-added services, brokerage across MENA and International markets, as well as offering a full suite of securities business.

RATING TERMINOLOGY

1. **Overweight:** This rating implies that the stock is currently trading at a discount to its 12 months price target. Stocks rated "Overweight" will typically provide an upside potential of over 10% from the current price levels over next twelve months.
2. **Underweight:** This rating implies that the stock is currently trading at a premium to its 12 months price target. Stocks rated "Underweight" would typically decline by over 10% from the current price levels over next twelve months.
3. **Neutral:** The rating implies that the stock is trading in the proximate range of its 12 months price target. Stocks rated "Neutral" is expected to stagnate within +/- 10% range from the current price levels over next twelve months.
4. **Suspension of rating or rating on hold (SR/RH):** This basically implies suspension of a rating pending further analysis of a material change in the fundamentals of the company.

Disclaimer

The purpose of producing this report is to present a general view on the company/economic sector/economic subject under research, and not to recommend a buy/sell/hold for any security or any other assets. Based on that, this report does not take into consideration the specific financial position of every investor and/or his/her risk appetite in relation to investing in the security or any other assets, and hence, may not be suitable for all clients depending on their financial position and their ability and willingness to undertake risks. It is advised that every potential investor seek professional advice from several sources concerning investment decision and should study the impact of such decisions on his/her financial/legal position and other concerns before getting into such investments or liquidate them partially or fully. The market of stocks, bonds, macroeconomic or microeconomic variables are of a volatile nature and could witness sudden changes without any prior warning, therefore, the investor in securities or other assets might face some unexpected risks and fluctuations. All the information, views and expectations and fair values or target prices contained in this report have been compiled or arrived at by Al-Jazira Capital from sources believed to be reliable, but Al-Jazira Capital has not independently verified the contents obtained from these sources and such information may be condensed or incomplete. Accordingly, no representation or warranty, express or implied, is made as to, and no reliance should be placed on the fairness, accuracy, completeness or correctness of the information and opinions contained in this report. Al-Jazira Capital shall not be liable for any loss as that may arise from the use of this report or its contents or otherwise arising in connection therewith. The past performance of any investment is not an indicator of future performance. Any financial projections, fair value estimates or price targets and statements regarding future prospects contained in this document may not be realized. The value of the security or any other assets or the return from them might increase or decrease. Any change in currency rates may have a positive or negative impact on the value/return on the stock or securities mentioned in the report. The investor might get an amount less than the amount invested in some cases. Some stocks or securities maybe, by nature, of low volume/trades or may become like that unexpectedly in special circumstances and this might increase the risk on the investor. Some fees might be levied on some investments in securities. This report has been written by professional employees in Al-Jazira Capital, and they undertake that neither them, nor their wives or children hold positions directly in any listed shares or securities contained in this report during the time of publication of this report, however, The authors and/or their wives/children of this document may own securities in funds open to the public that invest in the securities mentioned in this document as part of a diversified portfolio over which they have no discretion. This report has been produced independently and separately by the Research Division at Al-Jazira Capital and no party (in-house or outside) who might have interest whether direct or indirect have seen the contents of this report before its publishing, except for those whom corporate positions allow them to do so, and/or third-party persons/institutions who signed a non-disclosure agreement with Al-Jazira Capital. Funds managed by Al-Jazira Capital and its subsidiaries for third parties may own the securities that are the subject of this document. Al-Jazira Capital or its subsidiaries may own securities in one or more of the aforementioned companies, and/or indirectly through funds managed by third parties. The Investment Banking division of Al-Jazira Capital maybe in the process of soliciting or executing fee earning mandates for companies that is either the subject of this document or is mentioned in this document. One or more of Al-Jazira Capital board members or executive managers could be also a board member or member of the executive management at the company or companies mentioned in this report, or their associated companies.
